—H. G. White has moved his barber shop into Rapley's sample room and a Mr. Stewart, of Capac, will occupy his old stand.

—Rumor has it that St. Robinson of the firm of Powell & Robinson of this place was married on Sunday last. Is it so?

—Mrs. Wedge has moved her millinery and dress making establishment from this place to Peck where we hope she will meet with success.

—Mrs. C. W. Stratton, late of Brockway but now of Capac visited with Mrs. Henry Pearce and other friends in this place this week.

—Elder J. H. Paton will preach in the A. C. Chapel on Sunday afternoon at 3 o'clock and evening at 7 o'clock. All are invited to come out and hear the good news.

—We have lots of subscribers on our books who are in arrears. Can't we induce some of them to bring us a load of wood, which we are greatly in need of at present.

—The hunting match last Thursday was not very well attended. Those who took part report a very enjoyable day's sport. The Cooper boys succeeded in capturing a badger.

—There was a surprise party at Jas. Holden's last Friday evening. It was given for Frank Holden who left on Wednesday for Southampton, Ont. A very pleasant time was spent.

—Jason Clark and family left for Jamestown, Tenn., yesterday morning. Mr. Clark's many friends in this locality join in with us and wish him unbounded prosperity in his new home.

—Our school house had a narrow escape from being burned last Tuesday night. It seems that a burning stick of wood fell from the stove onto the floor and set it afire. About twelve o'clock Mrs. W. H. Palmer noticed the blaze from her upstairs window and at once informed Mr. Palmer who started for the school house and with a few pails of water extinguished the burning floor. Had the fire been left alone for ten minutes longer it would have been beyond control.

—Some one removed the seed drill and cultivator belonging to D. McArthur—which has been a sore eye to our citizens for some time back—to a place of safety and off from the front street.

—Geo. W. McKinnon who has been in our employ for the past month has severed his connection and is at present working for Dr. Howell at his old trade keeping books. We have always found Mack a trustworthy, honest fellow and a good boy withal.

—Rev. A. J. Holmes' text last Sunday evening was "He delighteth not in the strength of the horse neither taketh pleasure in the legs of a man."

The sermon went to show the evils of horse racing and dancing, which has created no small amount of talk about town.

—The depredations done on Halloween were quite numerous and of but little credit to the ones who perpetrated the acts. They broke a headstone for Bartlett & Vandegrip which was all finished and ready for delivery. Gates were torn from their hinges and considerable other damage done which would have to be replaced should the guilty parties be found out.

—W. R. Carson agent for Samuel S. Marks, Cigar Manufacturer, of East Saginaw, Mich., called in to our office today and presented us with a sample of each of their celebrated brands of cigars. Their "S. S. M." and "M. B." cigars are especially fine being pure Havana filling and wrapper and take the lead wherever introduced. The "Boquet" is also a fine cigar.

ROSE.—At her home in this township, on Wednesday, October 22, 1883, Catherine R. wife of John H. Rose, aged 63 years, 2 months and 22 days.

Deceased was born in Prince Edward's county, Ont., August 1st, 1821. In her youth she gave her heart to God and united with the Methodist church. She was married in December, 1840 and became the mother of five children. Her husband, two sons and two daughters are still living. Her youngest child entered the Realm of Glory before her. In September 1881 she came to Michigan. After she was here a while she was baptized and united with the Church of Christ and has ever since remained a follower of Christ. After a severe and lingering sickness for nearly four years she departed this life with a full assurance of meeting her blessed Saviour. Her last words were "Lord Jesus come quickly."

NOTICE TO TEACHERS AND SCHOOL OFFICERS.—Teachers desiring situations and officers needing teachers will do well to communicate with members of the Board of Examiners. Teachers give age and experience; officers state size of school, wages and length of term.

HALLOWEEN'S BRIGADE.—It is an admitted fact our girls can jump higher, stoop lower and climb the side of a house in better shape than any lot of girls in the state. The writer finds no fault with them, but wonders how young ladies can climb to his bedroom window and drive the tack with the thread attached. You see a chunk of alum went to the work of rosin. Man don't look for a wife among moonlight shiners.

A GOOD INVESTMENT.—About 50 years ago the section lines in this part of the Huron peninsula were surveyed. Stakes were set on these lines at the end of each half mile and witness trees taken to aid in marking the points. To day remains of many of these trees can be found and wise land owners should see that their stakes are reset and the lines determined before the last traces of these fast decaying witnesses are gone. It would cost less now and save a rich harvest of litigation for the coming generation.

Petroleum V. Nasby.

D. R. Locke, Petroleum V. Nasby (Editor "Toledo Blade") writes:

I had on a forefinger of my right hand one of those pleasant pets, a "fan-round." The finger became inflamed to a degree unbearable and swollen to nearly twice its natural size. A friend gave me HENRY'S CARBOLIC SALVE, and in twenty minutes the pain had so much subsided as to give me a fair night's rest, which I had not had before for a week. The inflammation left the finger in a day. I consider it a most valuable article for the household.

Cures the Piles Too.

Edouard Reintard, of New York, writes:

It gives me great pleasure to say that a single box of HENRY'S CARBOLIC SALVE effected a complete cure of Piles with which I had been troubled for over a year, and which nothing else that I used would cure.

By Neglect.

What is it at first but a slight cold, becomes a cough, a wheeze and exhausting the lungs till such an inflamed condition exists, that powerful remedies are not always able to stop the disease and the person goes into consumption from mere neglect. Do not be so foolish but use Hamilton's Cough Balsam, which removes the inflammation from the throat and lungs and cures a healing influence on the diseased parts. Those who are but the wretches of their former selves receive wonderful help. L. C. Smith and Wholesome Cough it is invaluable. Price 25 and 50 cents. Sold by C. A. Wells & Co.

Thoroughly Tried.

After many years of experience in my own family and upon my horses and cattle, I am constrained to say that Parmenter's Universal Liniment is the most complete remedy for the cure of Rheumatism, Neuralgia, Lame Back, Sore Throat, &c., in the human family and of Bone Sprains, Bruises on Horses; Caked Legs, Sore Tests, &c., on cattle, that I have ever known and take pleasure in recommending to others. Large bottles, 50c; common size 25 cents. Sold by C. A. Wells & Co.

CO-OPERATION FOR THE UNMARRIED.

A prudent system of co-operation by which means are given to enable the unmarried persons of Michigan to combine their efforts to individual welfare is the Mutual Marriage Beneficent Association. There are few young men in Michigan worthy the name who do not mean to make provision for their future, and who would not indignantly repudiate the assertion that they have no ambition and intended to live hand-to-mouth existences throughout their lives. Why not provide for the future through the assistance of this association? For all information, address M. M. R. Association, Marine City, Michigan. 25 w 4.

Do You Know?

That the horse and cattle powders prepared by E. M. Permelie are composed of the very best and purest materials. Lloriole, Fluoride, Blood Root, Elecampane, for Coughs, Colds, Epiphany, Diphtheria, &c., Sulfur, Macbride, Guttan, Sulph. Magister for impure Blood; besides many other ingredients especially adapted to the cure of Colic, Cattle, Hags, Sheep and poultry. They are sold in bottles only 35 cents. Sold by C. A. Wells & Co.

ELECTRICITY.—Of all the known Electric Magneto Appliances of the present day it is conceded by the Medical profession and Electricians generally, that it is a Gaiwan Co's HOWARD SHIELDS are the best, possessing intrinsic Electrical merits, as one shield or appliance can be fitted to any part of the body, which is not true of any other. See advertisement in another column of this paper.—Electric Gazette.

DETROIT CEMENT SEWER PIPE

WORKS, E. M. CARY, PROPRIETOR.

To those who have never witnessed it, the process of cement-pipe manufacture is quite interesting. A few moments' ride by a Michigan avenue car from the centre of the city will

land one almost before the door of the above named establishment at 256 Trumbull avenue. One may see here large quantities of solid looking

pipes, and upon inquiry learn that some are intended for wells, others for chimneys, sewers, drains, etc. Special attention is called to their Well pipe from 12 to 30 inches in diameter, the latter size being large enough to admit a man to work inside, thereby saving expense in excavation.
